

QObject

QGraphicsPixmapItem

Tester

```
classDiagram
    class QObject
    class QGraphicsPixmapItem
    class Tester
    Tester <|-- QObject
    Tester <|-- QGraphicsPixmapItem
```

The diagram illustrates a class hierarchy where 'Tester' is the base class. Two arrows point from 'Tester' to 'QObject' and 'QGraphicsPixmapItem', indicating inheritance. The boxes are arranged with 'Tester' at the bottom center and the two subclasses at the top, one on the left and one on the right.
