

QObject

QGraphicsPixmapItem

miniBug

```
graph BT; miniBug --> QObject; miniBug --> QGraphicsPixmapItem;
```

The diagram illustrates a class hierarchy. At the bottom is a box labeled 'miniBug'. Two arrows originate from the top of this box: one points to the bottom of a box labeled 'QObject' on the left, and the other points to the bottom of a box labeled 'QGraphicsPixmapItem' on the right. This indicates that 'miniBug' is a base class for both 'QObject' and 'QGraphicsPixmapItem'.
