

QObject

QGraphicsPixmapItem

smallRiver

```
graph BT; smallRiver --> QObject; smallRiver --> QGraphicsPixmapItem;
```

The diagram illustrates a class hierarchy. At the top, there are two boxes labeled 'QObject' and 'QGraphicsPixmapItem'. Below them, centered, is a box labeled 'smallRiver'. A horizontal line connects the bottom of the 'QObject' and 'QGraphicsPixmapItem' boxes. From the center of this line, a vertical line descends to the top of the 'smallRiver' box. From the point where the vertical line meets the horizontal line, two arrows point upwards: one to the bottom of the 'QObject' box and one to the bottom of the 'QGraphicsPixmapItem' box, indicating that 'smallRiver' inherits from both.
