

QObject

QGraphicsPixmapItem

rock

```
graph BT; rock --> QObject; rock --> QGraphicsPixmapItem;
```

The diagram illustrates a class hierarchy. At the bottom is a box labeled 'rock'. Two arrows originate from the top of the 'rock' box and point upwards to the bottom of two boxes above it. The left box is labeled 'QObject' and the right box is labeled 'QGraphicsPixmapItem'. This indicates that 'rock' is a base class or superclass for both 'QObject' and 'QGraphicsPixmapItem'.
